Quality System

in accordance with

DIN EN ISO 9001:2000

Quality management systems - Requirements

to cover the following areas:

Development, production, storage and selling of office chair systems by using the manufacturing methods of plastic injection moulding, PUR foams, aluminium die casting and assembly. Aluminium die casting and plastic injection tools are manufactured in house.

Evidence was provided by a certification audit carried out by LGA InterCert Zertifizierungsgesellschaft mbH, that the quality system of the company fulfils the requirement of the above-mentioned standard (December 2000 edition).

This certificate is valid until March 22, 2010

Registration No.: **QM-1870594**
